

WATER BASED POLYURETHANE WATERPROOFING PRODUCTS (PUD)

Liquid applied
polyurethane
waterproofing
membrane

SUSTAINABILITY

BETTER FOR PEOPLE

- Low volatile organic compounds
- Solvent-free, non-toxic

- Ready to use
- Easy to apply

BETTER FOR THE PLANET

- Water based solution
- Low CO₂ emissions when compared with solvent based products
- High reflectivity, less energy consumption in the building

- High durability

PERFORMANCE

BETTER ECONOMIC VALUE

- Reduced total installation cost

BETTER QUALITY

- Contributes to the decrease of interior temperature
- High durability: extended working life up to 25 years
- High mechanical resistance: can be used on roofs
